

VELVET WOOD

Designed by Raymond Matts

F9179

A modern wood scent creating a warm and inviting atmosphere.

A dark, creamy and sensuous wood feel is created through luxurious warm woods, including sandalwood and cedar wood. Notes of oud Natureprint® and Peru balsam bring a modern and addictive feel.

Brightness is added through lime and bitter orange oil which complements the crisp notes of clary sage, cypress and juniper oils.

**Bold, Casual, Luxurious, Modern,
Mysterious, Warm**
