.A floral fresh scent creating a casually elegant and welcoming atmosphere.

A friendly feel is created through a noble **silver needle white tea** accord and is enveloped by a touch of **soft woods**. A brightness is added through a citrus medley of **bergamot, bitter-orange** and **lemon** and a sliver of **ginger**. Floral fresh notes of **freesia, wild rose** and **peonies** add a welcoming touch while aromatic **thyme** completes the scent.
